Quality Center 9.2

- Utilized white box testing and black box testing.
- Analyzed Delphi 7 and 2007, C#, and SQL code to create test cases if requirements are not provided (for Data movement Development Team)
- Analyze processes and verify they are working correctly (event viewer, program control table, windows services, log files, etc.) and determine appropriate action to take to fix errors.
- Performed performance/stress testing/regression testing/acceptance testing. Strong understanding of SDLC-concepts and have a good understanding of all phases/types of software quality testing.
- Prioritize, and organize/balance workloads to complete multiple, simultaneous tasks both for self and others. Familiar with Agile Software Development Methodologies (work closely with development with iterative releases)
- Create SQL scripts to analyze data correctness (checksums and counts of schema (triggers, procedures, constraints, indexes, table rows, data, etc.))

Database Administration

- Install and maintain SQL Server 2008
- Utilized DML, DDL, and DCL
- Backup and restore databases
- Created stored procedures , functions

Lead Computer Operator

- Primary contact for contracts and service issues
- Maintain Server Systems, Network, Printers, and PC support
- Provide troubleshooting principles and administrator duties, which includes,
- Establishing, accounts and setting permissions, for more than 1500+ users
- Perform and monitor mandatory backups for all HP Servers
- Manage daily operations of Information Services
- Monitor and Resolve any conflicts on the servers
- Generated monthly and yearly reports using UNIX scripts
- Analyzed Data to prevent system crashes

Arraignment Clerk

- Gather court files/documents in preparation of court
- Prepare court files (missing documents/files/etc for upcoming week)
- Barcode court minutes during court proceeding
- Dispose of court files preceeding court sessions
- Dispose of Traffic Citations & Attach document to file in preparation for the input department

Available for Hire • Flexible Schedule • Remote or onsite
